1. FCB U.S. files reflect the following information:

a. No traces on the first name mentioned in the subject of reference.

b. HUBER, Franz Josef - Dr., SS General, ex-police Major General, born 22 January 1902. We have no significant new information beyond referring you to the entry in the German Prisoner which we believe is available to you.

c. SANITIZER, Johann - born 13 October 1904 at Hunsbach, Rheinland, 189 cm, 85 kg, brown hair, blue eyes. Is the target of at least two separate Kipper offensive CE operations. In addition, he is of interest to the Vienna Operations Base which has considerable information on him.

2. Should WEH decide to mount an operation against SANITIZER (1-c above), we do, of course, have considerably more information available. However, we are not submitting it at this time in view of the active nature of Kipper's interest and the fact that it is not clear whether or not WEH intends to pursue this case.
